### Sr. Software Developer

Oct 2008 – Aug 2012

- Gathering initial information through direct interaction with the clients, planning, coding, bug-fixing etc.
- Ensuring that the outcome matches to the specifications given by the client.

## TECHNICAL SKILLS

Technologies and Frameworks	Microsoft .Net Fullstack
Cloud Technologies	MS Azure (Web Apps, VMs, Azure Functions) Google Cloud Platform (Firebase, Firestore, Cloud functions) AWS
Scripting languages	Angular, Typescript, NodeJs
Domain Standards	FHIR, HL7, DICOM
Web based Content Management	Kentico CMS/ EMS
Databases	MS SQL Server, MongoDB
Developing Tools	Microsoft Visual Studio, VS Code
Source code/ Project Management	TFS, Github, JIRA, Rally
Code Reviews	Veracode, Checkmarx, Black Duck, SonarQube
Methodologies	Waterfall, Agile Scrum, SAFe frameworks

## CERTIFICATIONS

Kentico  
Certified Developer

## MAJOR RECENT PROJECTS

**Project Name:** PREBOT- FIS Product

**Environment:** Angular 12, .Net WebAPI, SQL Server, IdP, iAutomate, RPA, Voltage, SonarQube, Checkmarx

**Role:** Solution Architect and Implementation Manager at FIS Global

**Team Size:** 12

### Responsibilities:

- Responsible for planning, architecting, and delivering multiple automation use case integration with PREBOT for multiple Banks.
- Leading PREBOT development team and mentoring them to overcome technical challenges for UI and API development.
- Following multiple secure application development practices.
- Proactively risk identification and its mitigation and management.
- Participating in client UAT and review meetings.

### Project Overview:

FIS PREBOT is an Online BOT marketplace, designed specifically to meet your automation requirements across back-office banking operations. Preview the pre-built bots, share your custom requirements, enroll for hosted BOTs and monitor BOT actions through a single console.

**Project Name:** SAP Integration - Jubilant FoodWorks

**Environment:** C#, SQL Server 2012, WCF, ETL, SSIS, SSRS, ASP.Net MVC4, WEB API

Role: Application Development Specialist at Accenture

Team Size: 6
